

Poynter Primary School

Independent Public School

Amanda Michelle Herriman

I am a Level 3 Teacher and have been teaching for the past 16 years. My specialist area is music & while I teach broad and rigorous music programme, I am also intentional about cross-curricula teaching – incorporating thematic & subject specific content in my Music Programme.

I teach all students from Years 1-6 and have a good knowledge base of the student demographic. School Productions every second year help to gather the whole school community towards one purpose.

I have been involved in the curriculum development of the Scope and Sequence, Common Assessment tasks, Judging Standards exemplars and curriculum content for the Music Learning Area of the Arts for Phase Two of the Western Australian Curriculum.

I am Vice Chair of the ASME (Australian Society of Music Educators) committee, a committee member of MCF (Massed Choir Festival) and a National Mentor teacher with the National Music Teacher Mentor Programme (NMTMP).
