## What To Expect

We pride ourselves on having an easy, uncomplicated process to attending OSHClub.

Prior to attendance, the child enrolment form and any required documents must be completed. Further detail on this is provided in this handbook.

On every arrival or departure, we require families to sign their children in and out. This allows our team to track each child's movements and reinforce safety.

Any new families are encouraged to introduce themselves to the OSHClub Coordinator, walk through the program, meet the team, and discuss any further queries.

Every service is tailored to the specific needs of the community, so it's important to allow time for an induction.

Any new children are given a Welcome Pack and are introduced to our OSHC Readiness Program where Educators will drop off and pick them up from their classroom. Educators will also team children up with each other to support this transition.

We encourage families to familiarise themselves with the service, team members and get involved in the OSHClub environment.

## Food

Our menus, created to fuel hungry tummies and curious minds, are filled with yummy, nutritious foods that have our everyday favourites with daily specials to keep things exciting!

Our menus are catered to each service by the coordinator, so any cultural or dietary options are catered for.

If you wish to learn more about what foods your local service provides, please contact your Service Coordinator today. They will be happy to provide you with sample menus on what delicious foods we provide each week.

## Program

Each program is tailored specifically to the needs and interests of each child allowing us to provide activities that are engaging and fun!

Our services are designed to provide many different opportunities for children to choose how they would like to spend their time at OSHC.

It can be a long day, so we understand the importance of creating an at home atmosphere where children feel safe and secure to freely make decisions that make them happy.

We encourage both structured and unstructured activities such as:

- Art and craft
- Group games
- Sport
- Drama and music
- Food preparation and making
- Horticulture
- And so much more

## Team

Our team is chosen specifically for the needs of the community so we can be a true extension of the school and family home.

We consider our children to be a part of our family, so it's important our team can be that for our families.

All our team members are qualified and trained with the skills required to provide quality care for each community. These qualifications are:

- Current Working with Children Check

## Enrolment and Booking

We offer an easy and uncomplicated free registration system using our online platform at [oshclub.com.au](http://oshclub.com.au) or calling our Customer Service team on **1300 395 735**.

OSHClub is guided by the governments National Quality Framework and set Education and Care National Law Act and Regulations applicable for each state, so there is necessary documentation we require from each family.

All enrolments must be completed prior to attendance with all required documentation that are required by National Law. These are:

### IMMUNISATION HISTORY

Each service has a legal requirement to have a record of each child's immunisation history so families can be contacted if any illnesses are circulating the community and prevent exposure to a child who may not be immunised.

### MEDICATION AUTHORISATION FORM

Any medication that needs to be administered requires a Medical Authorisation Form to be signed by the family. The medication then needs to be provided to the service with the child's name clearly displayed in its original packaging.

### MEDICAL MANAGEMENT PLANS

All medical conditions require a Medical Management Plan to be prepared by the child's doctor.

Allergy or anaphylaxis requirements must be on an ASICA Action Plan displayed in colour with a picture of the child and signed by the doctor. Any other medical conditions such as asthma or epilepsy also require a Medical Management Plan along with any medication required to properly manage the child's medical condition, such as an inhaler, auto-injector (epipen) or antihistamines.

Families are responsible for updating any Medical Management Plans on an annual basis and providing these to the service. If these are not provided, this may prevent the child from attending.
